Real Estate License Exam Prep Stephen Mettling 2019-11-18 Features of Real Estate License Exam Prep (RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (20 pages) National Practice Tests (500 questions) Sample Exam (75 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the Real Estate License Exam Prep (RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works - or fails to work. First, RELEP is comprehensive in that it contains both key content review and testing practice. RELEP's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice - one of the most widely used principles textbooks in the country. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of the three major testing services for the national portion of the state exam. A word about the test questions... RELEP's testing practice section consists of ten national practice tests and one sample test. The practice tests are roughly 50 questions in length and the sample test is 75 questions. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. Your particular study and testing practice strategy using RELEP is up to you. But to fully exploit its comprehensive content coverage, you should try to review and memorize the key point reviews as much as possible. Then you should make every effort to take each exam, review your mistakes, and re-read the key point reviews that cover your weaker areas. One note of caution is also in order: this National edition of RELEP does not contain state laws and practices applicable in your state of residence or where you intend to get your license. Therefore you will need to study state-level laws given to you by your prelicense school in order to pass the state portion of the state exam. While we are in the process of adding state-level materials to our RELEP series we still have a ways to go. So, until we have state review materials for your state, we give you this publication - a total-coverage review and practice resource of the highest quality for the national portion of the state exam. Now that we've have been straightforward with you, a second word of caution. Don't be fooled by other national prep books - that contain no state-level materials - that advertise you will pass your state exam by learning and reviewing what's in their publication. You won't. It is absolutely essential that you develop a comprehensive understanding of both national and state laws and principles in order to pass your state's license examination. While RELEP is as comprehensive a national prep text as it gets, in the end -- as your prelicense course hopefully informed you -- it's all up to you. It still takes hard work and study to pass. But we have done our best here to get you ready for the national portion of the state exam. Following that, the most we can do is wish you the best of success in taking and passing your state exam. So good luck!!

It begins with over 50 short lectures on topics in partnership tax ranging from basic to advanced, illustrated by over 250 study problems, each with a complete explanation of the right (and wrong) answers. Several of these lectures focus on the basic accounting concepts that are essential to understanding partnership tax, to give students with no prior accounting background the tools they need to succeed in this subject. The book includes nine sample exams that, like the lectures, increase in difficulty from basic to advanced, labeled so that students can pick the exams that are right for them and the course they are taking. Full answers to each of the exam questions are provided, with cross-references to the lectures and the study questions. Robert R. Wootton is a Professor of Practice at Northwestern Pritzker School of Law who practiced in big law for 25 years and was the Tax Legislative Counsel of the U.S. Treasury Department. The students in Northwestern Pritzker's LLM Tax Program have named him its outstanding tax professor seven times.

Indiana Real Estate License Exam Prep: All-in-One Review and Testing to Pass Indiana's PSI Real Estate Exam Stephen Mettling 2019-08-06 Features of Indiana Real Estate License Exam Prep (IN-RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (17 pages) Indiana-Specific Laws and Practices (33 pages) National Practice Tests (500 questions) Indiana Practice Tests (125 questions) Indiana Sample Exam (100 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the Indiana Real Estate License Exam Prep (IN-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works - or fails to work. IN-RELEP is comprehensive in that it contains both key content review and testing practice. And the text review is Indiana-specific - not just simplistic national content, but terse, relevant and accurate Indiana laws and regulations presented as a well-organized set of state 'key point reviews' ideal for pre-test memorization. But let's not dismiss the importance of the national content either. IN-RELEP's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice - one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by PSI for Indiana. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your Indiana PSI license exam. A word about the test questions... IN-RELEP's testing practice section consists of ten national practice tests, nine state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 100 questions. The test questions are designed to cover the content covered by the law reviews - which reinforces your learning of the total body of information tested by your Indiana exam. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Indiana real estate exam. So good luck!! For Indiana students looking for an Indiana textbook to complement Indiana Real Estate License Exam Prep, we have Principles of Real Estate Practice in Indiana. **Tennessee Real Estate License Exam Prep** Stephen Mettling 2020-01-03 Features of Tennessee Real Estate License Exam Prep (TN-RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (20 pages) Tennessee-Specific Laws and Practices (30 pages) National Practice Tests (500 questions) Tennessee Practice Tests (100 questions) Tennessee Sample Exam (100 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. Our content is drawn from our own national textbook, Principles of Real Estate Practice - one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by Pearson Vue for Minnesota. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state's testing service and your Minnesota license exam. A word about the test questions... MN-RELEP's testing practice section consists of ten national practice tests, five state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 100 questions. The test questions are designed to cover the content covered by the law reviews - which reinforces your learning of the total body of information tested by your state exam. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Minnesota real estate exam. So good luck!!
