Cengage Advantage Books: Fundamentals of Business Law Today: Summarized Cases Roger LeRoy Miller 2015-01-01 Packed with 2013 and 2014 cases, FUNDAMENTALS OF BUSINESS LAW TODAY: SUMMARIZED CASES, 10e covers core business law topics like contracts and sales in a concise paperback. Summarized cases integrated throughout the text illustrate key points of law without unnecessary detail. Intended for the one-term course focused primarily on contracts and sales, the text condenses the latest legal topics--including cyberlaw, health-care, financial reform, and more--for quick comprehension. An entire chapter is devoted to Internet Law, Social Media, and Privacy. Current, abbreviated, and affordable, FUNDAMENTALS OF BUSINESS LAW TODAY: SUMMARIZED CASES, 10e provides an easy-to-understand alternative to traditional Business Law texts. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Hiob - vom Gottesfürchtigen zum Repräsentanten Israels Raik Heckl 2010 English summary: Raik Heckl shows that the composition of the book of Job as a poem framed by a prose text was developed by adding the prose frame to an earlier independent poem. In this earlier poem, Job was depicted as a pious pagan, who held onto his relationship to his deity. In the Yahweh speeches, the God of Israel reveals himself to Job. The earlier poem deals exemplarily with the question of God's attitude towards suffering. The prose frame transfers this image of Job into a theological concept of history. Job, who in the prologue is already presented as a pious worshipper of Yahweh, becomes a representative of Israel's fate. His final restoration prefigures the coming restoration of Israel and thus constitutes a contrast to the Deuteronomic theological concept of history in the books of Samuel and Kings. German description: Raik Heckl weist nach, dass das Gegenüber von Prosa und Dichtung im Hiobbuch dadurch zustande kam, dass eine ältere Hiobdichtung mit eigener Kohärenzstruktur und Intention nachträglich erzählerisch gerahmt wurde. In der älteren Dichtung wurde Hiob

als frommer Heide dargestellt, der an seiner Gottesbeziehung im Leiden festhält und dem sich in den Gottesreden Jhwh, der Gott Israels, in einer persönlichen Gottesbegegnung offenbart. Während sich die Dichtung in exemplarischer Weise mit der Frage nach Gottes Stellung zum Leiden beschäftigt, werden Thema und Hauptfigur in der Rahmenerzählung geschichtstheologisch umgedeutet. Hiob, der hier von vornherein als Jhwh -Verehrer erscheint, wird durch eine strukturbildende Verarbeitung von 1 Sam 1-4 zum Repräsentanten des Geschicks des Volkes Israel gemacht. Die Wiederherstellung des unschuldig Leidenden weist auf eine zukünftige Wiederherstellung Israels hin, wodurch das deuteronomistische Geschichtskonzept der Samuelis-/Konigebücher kontrastiert wird.

Tony Robinson Ian Wagstaff 2012-12-15 A biography of motor racing mechanic Tony Robinson, who worked with some of the great names of the sport in the 1950s and '60s.

Runner's World 2008-02 Runner's World magazine aims to help runners achieve their personal health, fitness, and performance goals, and to inspire them with vivid, memorable storytelling.

Advanced Materials in Automotive Engineering Jason Rowe 2012-02-21 The automotive industry is under constant pressure to design vehicles capable of meeting increasingly demanding challenges such as

improved fuel economy, enhanced safety and effective emission control. Drawing on the knowledge of leading experts, *Advanced materials in automotive engineering* explores the development, potential and impact of using such materials. Beginning with a comprehensive introduction to advanced materials for vehicle lightweighting and automotive applications, *Advanced materials in automotive engineering* goes on to consider nanostructured steel for automotive body structures, aluminium sheet and high pressure die-cast aluminium alloys for automotive applications, magnesium alloys for lightweight powertrains and automotive bodies, and polymer and composite moulding technologies. The final chapters then consider a range of design and manufacturing issues that need to be addressed when working with advanced materials, including the design of advanced automotive body structures and closures, technologies for reducing noise, vibration and harshness, joining systems, and the recycling of automotive materials. With its distinguished editor and international team of contributors, *Advanced materials in automotive engineering* is an invaluable guide for all those involved in the engineering, design or analysis of motor vehicle bodies and components, as well as all students of automotive design and engineering. Explores the development, potential and impact of using advanced materials for improved fuel economy, enhanced safety and effective mission control in the automotive industry Provides a comprehensive introduction to advanced materials for vehicle lightweighting and automotive applications Covers a range of design ideas and manufacturing issues that arise when working with advanced materials, including technologies for reducing noise, vibration and harshness, and the recycling of automotive materials

Does not include information specific to F-150 Heritage, Lightning or Raptor models):--Routine Maintenance--Tune-up procedures--Engine repair--Cooling and heating--Air Conditioning--Fuel and exhaust--Emissions control--Ignition--Brakes--Suspension and steering--Electrical systems--Wiring diagrams

**Lemon-Aid New Cars and Trucks 2012** Phil Edmonston 2011-12-03 Offers advice for prospective buyers of cars and trucks, reveals information on secret warranties and confidential service bulletins, and tells how to complain and get results.

**Build Your Own Dream Camper Van for Less Than 1000 Pounds** Matthew Ball 2012-11 Now you can build your own dream campervan in just ten weeks – for less than \$1,250! This is the first book to give easy, step-by-step illustrated instructions for the amateur DIYer on a budget. Full of never before seen money- and time-saving ideas, including how to kit out your interior for free, and source your van for peanuts. The ideas in this book will work on any van.

**Alfa Romeo 155/156/147 Competition Touring Cars** Peter Collins 2012-09-03 After saving Alfa Romeo from oblivion in 1987, it took Fiat nearly five years to debut the first new Alfa produced under its control. This is the story of how the competition versions of the 155/156/147 family of cars were developed and subsequently raced to many championship titles and race wins. Alfa Romeo's 155 saloon was a comprehensively successful racing touring car that won the German and world-wide DTM Championship, and later ITC races. The model also took on the role of representing the company in national touring car championships throughout the world, most notably winning the British Touring Car Championship in 1994. The 156 was Alfa's successor to the 155 and was also raced with much success. This book follows the development and competition history of this model too, along with its sibling, the 147. Together, these models kept the Alfa Romeo name at the pinnacle of motor sport for many years, from 1992 to 2006, and will become future motorsport classics.

**Interplanetary Outpost** Erik Seedhouse 2012-02-02 "Interplanetary Outpost" follows the mission architecture template of NASA's plan for Human Outer Planet Exploration (HOPE), which envisions sending a crew to the moon Callisto to conduct exploration and sample return activities. To realize such a mission, the spacecraft

will be the most complex interplanetary vehicle ever built, representing the best technical efforts of several nations. A wealth of new technologies will need to be developed, including new propulsion systems, hibernation strategies, and revolutionary radiation shielding materials. Step by step, the book will describe how the mission architecture will evolve, how crews will be selected and trained, and what the mission will entail from launch to landing. However, the focus of "Interplanetary Outpost" is on the human element. The extended duration, logistical challenges, radiation concerns, communication lag times, isolation, and deleterious effects on the human body will conspire to not only significantly impair human performance but also affect the behavior of crewmembers. This book addresses each of these issues in detail while still providing the reader with a background to the necessary elements comprising such a mission.

**Philippine Speculative Fiction** Nikki Alfar 2012-07-06 Living the good life with your husband, an A.I. agent; a little boy's interview with Death; the mythic love of deities; Joseph and his "e;Immaculate Virgin"e; wife, Mary. Philippine Speculative Fiction is part of an anthology series that features stories from the genres of science fiction, horror, and fantasy from the creative imagination of the Filipino writer.

**Mayan Storm** Michael Hooks 2012-08-07 December 21, 2012 is fast approaching. Youve heard the date, you know what it means: The End of Days, the fall of mankind, the end of the world, Armageddon. December 21st 2012, the Mayan Long Count Calendar ticks off its final day triggering the colossal battle between the forces of good and evil. Meanwhile, just months removed from averting death and disaster while recovering a massive haul of gold and silver from a long lost Spanish treasure ship, part time undercover operative Bear Mayne and his appallingly inappropriate brother lead a team of wondrously beautiful women as they become embroiled in a doomsday prophesy a thousand years in the making. While coming to the aid of a beautiful and mysterious coworker, Bear and his elite team of professionally amateur operatives learn the truth behind the myths and legends surrounding the Mayan civilization and their infamous long count calendar. Journeying from St. Augustine to the Mexican Yucatan and back, Bear and his team battle snipers, Nazi zombies, wild animals, poison dart shooting warriors, primitive and blood thirsty mobs as well as a score Mayan priests who just cant wait to offer up gringo blood to the dark gods of the cosmos. Along the way Bear inadvertently discovers clues to an unrelated Templar mystery and even has the occasion to participate in a sacred death match Mayan ballgame. With the skill born of hundreds of incursions behind enemy lines, Bear Mayne somehow steers his team through this maze of bizarre and unexpected dangers only to come face to face with the celestial firestorm that marks the beginning of the final battle between good and evil.

**The Fresno Incident** Philip L. Rettew 2012-01-04 The Chancellor Organization is a world-wide secret 'information enterprise' owned by the reclusive multi-billionaire Duke Chancellor, whose colorful executive Joe

Czarzhynensky orchestrates its influence to benefit or punish people where the law has proven inadequate. Denver psychologist Jake Lewis stops at Eddie's Place for entertainment and food after a day of counseling veterans at the Denver VA Hospital. There he falls hopelessly in love with Sasha, a gorgeous and uniquely talented vocalist, and only niece of Duke Chancellor. Jake and Sasha agree to meet again at Eddie's Place after she returns from her next performance in Fresno, but she never arrives because she is among the missing after Khalid Kayani executes the most devastating terrorist attack since 9/11. Jake is suspended in emotional limbo, unaware of her fate, fearing she stood him up, or is dead. After a professional conference at NYU, he joins friends at Club 46 in Manhattan, where he is shocked to hear her distinctive voice from the stage. However, when his friends try to reunite them after the show, Sasha does not recognize him because she suffers from amnesia. Join the rich and compelling suspense, running the entire gamut of human emotion, as The Chancellor Organization arranges creative psychotherapy for Sasha and then assists General Murray of the CIA in their search for Rasheed Shirani, the planner of the Fresno incident. Delight in their creative persuasion techniques, as Joe and General Murray manipulate influential people to capture Rasheed and bring him to justice in an unusual exercise of 'the law of the jungle,' where the jury expresses the true conscience of the people. KIRKUS REVIEWS Rettew, Philip L. THE FRESNO INCIDENT &nbsp;A terrorist attack shakes Fresno, and Jake Lewis is left to mourn the woman of his dreams – or is he? &nbsp;When Jake meets beautiful singer Sasha, his life changes irrevocably. But then the city of Fresno suffers a mysterious and tragic terrorist attack, dubbed "The Fresno Incident," and Sasha is nowhere to be found. Jake is left adrift, wondering if his lover was killed in the attack or merely disappeared in its aftermath, and sets out to find the answers. Meanwhile, a fellowship of wealthy, well-connected men, led by reclusive billionaire Duke Chancellor, gets involved in the search and the stakes are raised. The story, told in action-packed bursts as it speeds through different characters and cities, weaves together the search for those responsible for the Fresno Incident with Jake's search for resolution. The reader will hang on through more than 400 pages waiting for the outcome to unfold. With such an extensive cast of characters and plot, Rettew breaks the action into more than 80 short chapters, which effectively organize the novel's myriad characters and conflicts. Each chapter begins by marking the date and location of the current action, helping readers keep track of the book's various subplots that traverse the globe. The structure of the novel itself reflects its sprawling storyline, echoing the effects terrorist incidents can have all over the world. In the midst of all the threads that hold together Rettew's novel, the author is sure to provide frequent updates on the lives of its two central characters. This serves to keep readers not only intellectually engaged in the clever plotting, but emotionally engaged in its characters as well. &nbsp;A plot-heavy, action-filled read that thrills with

international intrigue. Kirkus Indie, Kirkus Media LLC, 6411 Burleson Rd., Austin, TX 78744

*if you get there before I do...* David Hoeksema 2012-12 Storm Clouds Gathering ... In contrast to these busy first few weeks of establishing back-to-school routines, as well as the uncertainty of medical tests for Kjrsten, I reflected back on the quiet respite we'd had over the past summer. One of our favorite summer activities was to sit on the long, covered front porch of our home and watch the storms as they rolled in from the west across Clear Creek. We'd listen for the thunder and see the lightning striking at the bottom of the hill as the storm climbed upward and through the cornfield to the edge of our yard. We were relieved as it rumbled noisily over the top of our house without leaving any damage as it continued its steady march to the east. Little did we know what kind of storm was brewing for our perfect little family.

Prairie Farmer 1983

**Professional Sportsman's Expense Log Book** James Russell 2009-02-01 Is it not time you become a

professional sportsman? Perhaps you never thought it possible, but today is the very day you do! It had to happen sooner or later. If not now, when? Never? It all begins the moment you use book. Here is how you benefit. You will take full tax deductions for the purchase of your sporting equipment, lessons, coaching, tournament entry fees, lodging, fuel, (including new guns, ammo, bowling, golf equipment and supplies), clothing, vehicle repairs, tires and oil changes, furniture, interest payments and much more! You will save thousands of dollars each and every year. When you begin your professional sportsman adventure you are "in business" and it will be like getting a massive pay raise! And if you are retired? You qualify. Everyone qualifies! There are no age limits, young or old benefit. It's so easy and profitable you'll wonder why you didn't do it sooner! And what is amazing there is literally little more you need to learn. No fees to pay, no tricks, no gimmicks, no business licenses, no accountant or attorney needed. The book explains what you need to know and you can begin your tax deductions the moment you get the book into your hands. Today you step into the professional realm even if you are still in training striving to become professional. You don't need to be a recognized professional sportsman to take advantage of these wonderful deductions. Imagine all the brand new high-grade sporting equipment including practice and competitive entry fees, and the sporting supplies you can buy and receive huge tax rebate checks at year's end! Amazing, but true. Buy this book, which is also tax deductible, and get started right away! This book makes you money and pays for itself a thousand times over! 260 p.p. 6x9 size perfect bound book.

*The Flight Risk* Pendleton Parrish 2012-11 CIA counterterrorism agent Jack Swift is a top operative within the agency. He is assigned to bring down key terrorists on a worldwide basis. He began his career working cross Mexican/US border terrorism with the agency. During a stint in the Middle East working with the Mossad, he manages to take down a well-known Iranian nuclear physicist. Through forensics and paper evidence, Swift and his team uncover an elaborate scheme to funnel radioactive material, money, and weapons to drug cartel gangsters operating throughout South America, Central America, and Mexico. This is a new kind of enemy for the agency, one right in their backyard. Through quick thinking and great knowledge of the cartel's operation, working closely with other government and state agencies, Swift and his team manage to avert a major catastrophe scheduled to be undertaken on the anniversary date of 9/11.

*Lemon-Aid Used Cars and Trucks 2011-2012* Phil Edmonston 2011-04-25 A guide to buying a used car or minivan features information on the strengths and weaknesses of each model, a safety summary, recalls, warranties, and service tips.

**Lemon-Aid New Cars and Trucks 2013** Phil Edmonston 2012-12-01 Canada's automotive "Dr. Phil" says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar, a worldwide recession driving prices downward, and a more competitive Japanese auto industry that's still reeling from a series of natural disasters.
